

The APP Leadership Playbook

Leading People, Teams, and Performance for Advanced Practice Providers

Thursday, October 22, 2026
9:00 a.m. - 3:00 p.m. ET via Zoom

Transitioning into Advanced Practice Provider (APP) leadership roles requires more than clinical excellence; it requires operational knowledge, leadership skills, and strategic fluency to lead teams in highly regulated and sophisticated business environments. APP Leaders face multiple challenges including demand for high clinical productivity, developing and leading novice teams, and navigating organizational politics. Too often, these pressures go unaddressed until they begin to affect performance.

Led by Dr. Cindi Warburton and Dr. Rose Sherman, this interactive workshop equips Advanced Practice Provider leaders with a playbook for leadership success and practical tools to address challenges proactively and succeed in their roles.

fall-2026](https://oonl.org/APP-leadership-playbook-fall-2026)

Key Topics Covered

- Understanding the trends, challenges, and opportunities shaping APP leadership
- Strengthening communication and collaboration for APP leaders
- The *business* of APP leadership
- Managing APP onboarding, orientation, and performance
- Building high-performance APP teams
- Developing your APP Leadership Action Plan

Program Faculty

Rose O. Sherman, EdD, RN, NEA-BC, FAAN

Dr. Sherman is nationally known for her innovative work helping nurse leaders develop their leadership skills. She is Editor-in-Chief of *Nurse Leader*, has authored three best-selling nursing leadership books, and is author of the popular blog, www.emergingnleader.com. She is also a Gallup-certified strengths coach.

Cindi M. Warburton, DNP, FNP-BC

Dr. Warburton is a healthcare executive and nurse practitioner specializing in transformational and strategic change in complex work environments, nurse professional development, and leadership. She currently serves as APP Clinical Development Director, where she leads enterprise-wide strategies to strengthen APP leadership capability, clinical development, and engagement.
