Violence in Health Care **What all Leaders Need to Know**

Bonnie Michelman is a nationally recognized leader in the security sector who will present a comprehensive picture of violence in health care. Strategies will address diverse training options, approaches to organizational vulnerability assessment, and practices for contemporary leaders. Ms. Michelman will use case studies to exemplify risk reduction strategies.

Objectives:

- Discuss current trends of violence in health care.
- Identify key strategies to keep your patients, visitors and employees safe.

BONNIE MICHELMAN
*is the Executive Director of
Police, Security and Outside
Services, Massachusetts
General Hospital.*

Panel Presentation

Barbara Stoll, Staff Attorney at Baystate Health, will present challenges and opportunities for aggregating workplace violence data at a health system. Following her remarks, a panel of experts will share key leadership lessons learned following a violent incident in their organization. Moderator, Pat Noga Vice President of Clinical Affairs for the Massachusetts Hospital and Health Association (MHA), will open the panel by sharing an overview of work done by MHA to help organizations address workplace violence.

Panel Members:

- Susan Reeves EdD RN, Chief Nurse Executive, Dartmouth-Hitchcock Health, Lebanon, NH
- Deborah Warzecha DNP, RN, NEA-BC, CEN, Director Emergency Department and inpatient Behavioral Health Services, Middlesex Hospital, Middletown, CT
- Thomas Hijeck, RN, MS, Senior Vice President, Clinical Operations and Chief Nursing Officer, Harrington Hospital, Harrington, MA

Objectives:

- Describe ways to overcome challenges to collecting workplace violence incident data.
- Discuss key lessons learned following significant events of violence.
- Identify strategies to promote healing after an experience of workplace violence.
