

The Nuts and Bolts of Nursing Leadership

For Nurse Managers and Directors

Wednesday, February 25, 2026

9:00 a.m. - 3:00 p.m. ET via Zoom

For Charge Nurses, Emerging Leaders,
Team Leads, and Clinical Leaders

Wednesday, March 4, 2026

9:00 a.m. - 3:00 p.m. ET via Zoom

A highly-rated, interactive leadership development program providing fantastic foundational leadership training for nurse leaders newly in a leadership role

Nurses are often promoted into leadership roles with little or no training in the leadership, management, and communication skills needed to succeed. This one-day workshop is designed to equip new leaders with the key skills and strategies needed to be successful: transitioning into a leadership role; communication and collaboration, including power and authority; resource management; and managing staff performance.

This virtual program is offered on two dates, for two different audiences. The overall workshop topics will be similar both days, but the content focus and examples are specifically designed for each target audience.
