The Nuts and Bolts of Nursing Leadership

Nurses are often promoted into leadership roles with little or no understanding of the leadership, management, and communication skills needed to succeed. ONL is pleased to offer this new 1-day, interactive, leadership development workshop: The Nuts and Bolts of Nursing Leadership, designed to assist new leaders with key skills necessary to be a successful in any organization. The workshop will address transitioning into a leadership role; communication and collaboration, including power and authority; resource management; and managing staff performance.

An Overview of Today's Nursing Environment

- Discuss nursing leadership challenges and trends in 2021 as an outcome of the COVID-19 experience.

Stepping into Leadership

- Identify the role and expectations of contemporary nurse leaders and strategies that help leaders succeed.

Managing Staff Performance

- Describe strategies for managing staff performance and maintaining staff engagement.

Communication and Collaboration in Leadership Roles

- Discuss critical aspects of communication and collaboration for nurse leaders and tactics to improve your communication skills.

Resource Management

- Identify ways to manage scarce resources through effective budgeting, staffing, and workforce retention.

Interactive 1-day leadership development workshop

The overall workshop topics will be similar each day, but the focus and examples are specifically designed for each workshop's target audience.
